A MOTHER'S PLEDGE

A GIFT TO MEMORIAL IN NAME OF
JAMES EDWARD GRAY

WOULD ERECT A "Y HUT"

Mrs. John H. Gray, in Letter to Democrat Forum, Offers Son's Liberty Bond as First Subscription.

With a proposal to head a subscription list for the proposed Nodaway county soldiers' and sailors' memorial with a gift of \$100, a Liberty bond owned by James Edward Gray, the first Maryville boy to give his life on the field of action in France, the following letter to the Democrat-Forum from Mrs. John H. Gray, his mother, is a call to the patriotic men and women of Maryville. Mrs. Gray also gives approval to the suggested "Y Hut" as a living monument. Her letter follows:

"Democrat-Forum: The building of a memorial in honor of the Nodaway county soldiers who died in the defence of their country is an appropriate and commendable undertaking. The citizens of the county have shown their loyalty and patriotism in no small degree during the period of the war and they will gladly enter into the spirit of this enterprise by giving it substantial support. The funds for the memorial are as good as raised right now so the real problem is the selection of a memorial that will not only be appropriate but one that will be of most benefit to the soldiers who will return home. There has been a number of kinds suggested all of which have more or less merit. As the mother of one of the boys who will not return and also of one whom we hope will return, I would suggest that a Y building be erected as a living monument to the soldiers who have died and also for the benefit of the returned soldiers and the young boys of this county.

Our son, James Edward Gray, who was killed in action on Nov. 26, had purchased \$100 worth of Liberty bonds. I would like to have the subscription list for a Y building headed by his name with the \$100 in bonds. This would be his subscription and would not take the place of the one we will make. I hope some of the other mothers of soldiers will express their preference as to the kind of a memorial that should be erected.

MRS. J. H. GRAY.

766 WERE DRAFTED

A TOTAL OF 5,741 MEN REGISTERED FOR SERVICE

COUNTY'S GOOD RECORD

Of Nodaway's Man-Power, Not a Single "Conscientious Objector" Was Listed by the Board.

Of 5,744 men who registered for service with the Nodaway county draft board not one among them claimed "conscientious objections" as ground for exemption from wearing the uniform of Uncle Sam. Of the total registration but eight men were placed in the non-combat class, being ministers and others whose calling entitled them to deferment.

With the completion of the records of the draft board some interesting information is to be had in the figures showing Nodaway county's "war strength."

With 766 men having been inducted into the service during the war, this county sent one-seventh of its man power to fight the Huns. Of this number 652 were taken in the course of the draft while 114 registrants enlisted in various branches of the service before being inducted by the board.

Of the total number registered one-fourth were found to be physically fit and who claimed no exemption, 1,352 being in Class 1A. A very small percent were found to be unfit for service, those placed in Class G5 being 295.

The number of men in the five classes is given as follows: Class 1, 1,352; Class 2, 367; Class 3, 156; Class 4, 1,812; Class 5, 459. This does not include the registrants of September 12 whose questionnaires were returned, following the cessation of hostilities, and who did not undergo examination.

The total number of colored registrants was 36.

With the number of men who enlisted prior to the draft, including enlistments by men outside the draft age after the war started, being estimated at between 400 and 500, Nodaway county furnished considerably in excess of 1,000 men, with about 4,000 other available.

Following an order received from the war department a change will be made in the system of filing the records of the men for future use, and which will necessitate the continued employment for an indefinite time of the chief clerk of the draft board. The figures as given above will be included in the final official report to the war department by the local board.

ARE YOU A MEMBER DON'T LIKE YANKS

RED CROSS CHRISTMAS ROLL CALL STARTS TOMORROW GERMANS SHOW SUPPRESSED HATRED TOWARDS AMERICANS

THE CAMPAIGN IS UNIQUE ARE CROSSING THE RHINE

Purpose Is Not to Raise Money But to Secure Active Membership That Will Perpetuate Organization.

Washington, D. C., Dec. 14.—To give every American an opportunity to carry out President Wilson's wish that every citizen become a member of the Red Cross, the 3,854 chapters of the American Red Cross tomorrow open their Christmas roll call.

This roll call is to be unique among the war drives in that its purpose is to secure members and not to raise money. All the memberships in the Red Cross expire at the Christmas season and the roll call is to secure the active membership that will perpetuate the Red Cross and enable it to cope with any problems of relief which may arise as an aftermath of war.

These members also constitute the Red Cross as a peace agency ready to give relief in pestilence, flood or disaster. They also will carry out the work of aiding our soldiers abroad and of facilitating their return to their own homes and help to complete the work of relief and rehabilitation undertaken in Europe.

The roll call, however, is designed to give the American people an opportunity for a small free-will offering and to endorse the remarkable work done for soldiers and civilians in the war. "A heart and a dollar," as the literature states, are to be all that is necessary.

Thousands of enrolling booths are to be provided, and women workers wearing Christmas roll call brassards and Christmas roll call caps are to assist those who wish to continue or obtain membership in answering the roll call.

There is, however, to be no active solicitation and no importunity for funds. Once anyone has paid his dollar and taken out his annual membership, he will be free from further request. The Red Cross has no wish to encourage generous persons to take out several memberships as many did in the former membership drive. The object is to enroll everyone—man, woman and child—once in the family of "The Greatest Mother in the World."

The work to be carried on by the new membership is one to which 47,000,000 Americans, in a period of eleven months contributed \$313,000,000 and manufactured goods worth \$44,000,000 and contributed to military and civilian relief here and abroad. It was the organization which stimulated over 8,000,000 women to manufacture a total of 221,282,832 garments, hospital supplies and bandages.

It helped to mobilize an army of 18,000 nurses for war service, and operated many hospitals, dispensaries, asylums and food distribution agencies and canteens for the families of European soldiers and for the sorry refugees driven from their homes by German incursions.

Through the home service and communication branches of this organization American people have done much to keep the American soldier and his family in close touch, and have seen to it that no family of a man in American uniform lacked for anything which was in the ability of the American people to supply. Its comforting hand stretched even into the prison camps of Germany, feeding and clothing and sustaining such of our men as were captured in the fighting or taken from merchant ships sunk by German submarines.

In a way, the roll call will be an unusual test of the effect of the printed word. In the absence of personal solicitation those in charge of the roll call are relying upon the information supplied by the newspapers and the appeal of advertisements, posters, decorations, moving pictures and the Red Cross symbol itself to draw every American both as a mark of humanity and as a token of thanksgiving for peace to enter into what President Wilson designated as "The Comradeship."

Pershings Men Will Patrol the New German Territory for a Depth of Thirty Kilometers.

With the American Army of Occupation, Dec. 13.—The American army is scheduled to cross the Rhine today to patrol the new German territory for a depth of thirty kilometers. The crossing of the historic stream will occupy several days and will be made from Boppard, Engers, St. Goarhausen and Coblenz. The Americans will cross on ferries and over two bridges.

During the past twenty-four hours several incidents have occurred in Coblenz which indicate the suppressed hatred towards the Americans. German women dropped empty bottles from third story windows intending to hit passing soldiers; one bottle missed a soldier by less than a foot. Because American music was being played by a Dutch violinist in a restaurant, a German wine merchant upbraided the violinist and demanded that all German pieces be played. The irate merchant used such insulting allusions to the English and Americans that two American officers adjourned the crowd to the public dining room where the cafe proprietor apologized for the incident.

Many Germans in Coblenz find the American troops are liberal in their treatment are growing bold in their attitude. The children are flippant while adults are openly antagonistic.

One large store was looted the robbers securing \$35,000 worth of goods. Troops are being held in reserve today to quell any further uprisings.

Fred Phillips in France Writes to Parents Under Date of November 15

Fred L. Phillips of Colfax, Wash., has written the following letter to his parents, Mr. and Mrs. Will Phillips, who are visiting here with Mrs. Phillips's mother, Mrs. J. S. Miller and other relatives. Young Phillips has been in France for the past year and in active service the most of the time. He is a nephew of Fred Miller of West First street.

France, Nov. 15.

Dear Mother and Dad: Just a little note to you this evening to let you know that I am still alive and in the best of health. The fighting has ceased and they tell us it is over but of course that does not mean it is quite over for us. It may be months before we can leave, but here's hoping it won't be many, for oh, you can't imagine how happy we all are and how anxious we are to get back to our loved ones and a real country once more. Every one is celebrating the wonderful occasion over here. And from the news we get I guess they are celebrating the same way over there in the U. S. and why shouldn't we? Folks, isn't it wonderful? I suppose you heard the glad news nearly as soon as we did. Well, by the time we see Germany I guess we will be pretty well satisfied and nearly ready to come home. All the Colfax boys are well. Must close, with love.

FORREST GOODEN WRITES.

Is Still Traveling Around in France, But Enjoying It Fine.

Sergt. Forrest O. Gooden has written the following letter to his parents, Mr. and Mrs. Cooper Gooden:

France, Nov. 18.

Dear Mother and Dad: Well, we have moved again, but are still somewhere in France. You ought to see how we travel in France. They put us in cattle cars that are about as big as our American hand cars, but we have our fun just the same. We are billeted in an old chateau that has been standing for about 600 years. We have our hardships over here but thank God we are getting plenty to eat. France is a very pretty country, but nothing like the good old U. S. A. Airplanes are as common over here as automobiles at home. I haven't received any mail yet, but hope to soon. How is everything back in the States? Hope everyone is well. We haven't a bit of sickness in our company and the way our officers look after us, I don't think we will. We are having our coldest weather over here now and it is not very cold either. This life of soldiering sure makes us see what you can and will make of yourself when you get back. I will never kick about anything when I get back. What is dad doing? Suppose he is still holding down his job of loafing. I haven't seen anybody from home over here yet but maybe I will some of these days. Well, mother I am pretty sleepy to night, so I am going to find my blankets pretty p. d. q. Your loving son, SERGT. F. O. GOODEN, Co. D, 423 Tel. Bn, Sig. Corps, A. E. F.

WILSON IN FRANCE

GIVEN GREAT OVATION BY THE FRENCH PEOPLE

GEN'L. PERSHING THERE

President Expresses Pleasure in Being Able to Join Counsel to Secure Peace.—Brest Is Bedecked.

Brest, France, Dec. 13.—Greeted as a messenger of justice and peace President Wilson arrived here today to participate in the peace conference. The American executive received an ovation the like of which was never seen in France. Many notables, including General Pershing, met the George Washington when she docked, the American commander being the first to shake the President's hand.

President Wilson stepped on French soil at 3:22 this afternoon. As he came ashore with his party he was greeted with a salute of guns while the people wildly cheered and the band played "The Star Spangled Banner."

"It is delightful to me to be able to join my counsel with that of your public men in bringing about a peace settlement which will be consistent with the ideals of France and of the United States," said the President this afternoon in replying to an address of greeting on behalf of the city of Brest by the mayor.

Stephen Pinchon, the French foreign minister, and Georges Leygues, minister of marine went aboard the George Washington at 1:30 o'clock to extend the first formal greetings. General Pershing, General Bliss, Admiral Benson, Admiral Wilson, Col. E. M. House and Ambassador Sharp went aboard at the same time.

On the President's arrival ashore Minister Pinchon welcomed the distinguished guest on behalf of the French government and Mayor Goude for the city of Brest.

Brest is crowded with troops and sailors and the Breton peasantry in their quaint costumes. Buildings and squares are hung with flags and streamers and mottoes bearing the words "Vive Wilson! Hail the Champion of the Rights of Man!"

It was announced the presidential train would be stopped during the night so as to assure its reaching the station in Paris on time and not ahead of time. Many German prisoners of war who had been employed cleaning the streets witnessed the arrival of the President and their interest in the ceremonies was very keen.

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

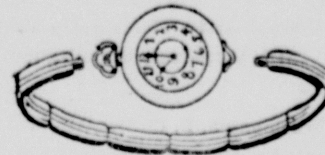

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron tonic tablet called "Ironie" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Suppose It's True?

This story is for the benefit of those funny writers who appear to think that all women are alike and that their actions in a given set of circumstances can always be predicted:

Mrs. Mullen was very fond of reading, and when well past the age of Woman.

three score and ten, she joined a Shakespeare Club to which her niece and other younger women belonged. One day they were all seated listening to one of the members read when the niece saw a mouse run under the old lady's chair. With great presence of mind she remained quiet and watched for the mouse to reappear. But it did not appear. When the program was finished she approached her aunt and said: "Aunt Sarah, I saw a mouse run under your chair a little while ago."

"Yes," the old lady replied calmly, holding the side of her skirt firmly in her hand, "I have it here."—Missouri

Drummer Doing His Bit.

"I am a traveling salesman and have met others who, like myself, were suffering from indigestion, stomach trouble and gastritis. Since taking 3 weekly doses of Mayr's Wonderful Remedy I am very much pleased with its results, so much so that I have induced others to take it and they too, were marvelously helped." Gained Thirty Pounds on Tanlac and Feels Like a Brand New Man All Over Now He Declares.

"I feel like a brand new man all over and have gained thirty pounds in weight besides since I started taking Tanlac," said Levi Thomas, an employee of the Chattanooga Furniture Co., Chattanooga, Tenn.

"I was frail and puny looking from years of suffering with stomach trouble. I had lost weight and strength until I was as weak as a kitten. Everything I ate gave me hours of misery and I tried so many medicines without getting relief that I had begun to think I'd never be well again. I was so nervous and rundown that the least exertion would tire me out completely.

"It may seem wonderful, but before I had finished my second bottle of Tanlac I was feeling like my oldtime self again and I began to build up. I now weigh a hundred and eighty-five pounds, can eat like a farm hand and feel strong and fit for any kind of work and am gaining every day. My improvement is the talk of everybody who knows me."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction. Adv.

SAMSON (Model M)
Complete with power take-off and automatic control
\$650.00 f.o.b. Janesville, Wis.

SAMSON TRACTOR \$650

THE above announcement, which appeared in a recent issue of this paper, resulted in receiving thousands of inquiries. Everyone of these we propose to answer in detail. The enormous amount of work involved in classifying these inquiries will, of necessity, delay our replies. On the opposite page, you will find a copy of our letter and the form, which we are asking you to fill out and return to us.

We also invite those who have not answered our first advertisement to fill in blank on opposite page and receive further information.

SAMSON TRACTOR COMPANY,

Janesville, Wisconsin

SAMSON TRACTOR COMPANY
JANESVILLE, WISCONSIN

Dear Sir:

In response to your valued inquiry, we are enclosing a blank form which we will ask you to fill out and return promptly to us. Our object in obtaining this information is to determine whether or not the Samson (Model M) is suited to your needs and to what extent your particular locality lends itself to the use of tractors of the Wheel Type.

To be perfectly frank and candid with you, and to have you know what we are driving at, we beg to offer the following in explanation:

WE DON'T WANT you to buy a Two-Three Plow Tractor if it would be to your advantage to buy a Three-Four Plow Tractor. If your farm is better adapted by reason of acreage, crop rotation or soil conditions, to the Three-Four Plow type, we want you to have it, because it will be a more economical investment and will produce 25 per cent. better results with the same amount of labor.

Note: In this connection we wish to advise that we have designed and are testing out a Three-Four Plow Tractor which we expect to offer to the public within the next few months. This will be known as Samson (Model A) and the price will be in the neighborhood of \$900.

WE DON'T WANT you to make an investment in Samson (Model M) Tractor if the Samson (Model M) Tractor is not the best type for your particular purpose.

WE DON'T WANT you to make an investment in Samson (Model M) Tractor if the Samson (Model M) is of little value and means nothing to you if the tractor will not do your work.

WE DO WANT you in the Samson family—a satisfied and continuous customer for SAMSON.

WE DO WANT you to investigate and (regardless of any high powered, land breaking tractors that you may buy or own) purchase a Samson (Model D) light, high frame, direct drive tractor, for which we are now taking orders. Price \$450.

It will be to your interest to own the Samson (Model D).

BECAUSE this tractor will handle every horse drawn farm tool which you are now using; work with Samson (Model D), at just one-half the price which you will have to pay for these farm tools when you come to replace them.

BECAUSE the Samson (Model D), in connection with a ground-breaking tractor of any type and a Samson light truck, will eliminate every horse on your farm.

METHOD OF ALLOTING SAMSON (Model M) TRACTORS

The demand for Samson Tractors from all parts of the world is enormous. Our production for the next four months will not exceed 10,000 tractors. If applications and contracts were filled in the order in which they are received, our entire production might be absorbed by two or three States. For the purpose of obtaining a wide distribution, giving the public an opportunity of investigating the product, and watching the performance, we are allotting a certain number to each County, with a proper Township distribution, locating the samples where most convenient for the greatest number.

Your application, accompanied by your order or otherwise, will receive our best consideration.

Very truly yours,
SAMSON TRACTOR CO.

A MOTHER'S PLEDGE

A GIFT TO MEMORIAL IN NAME OF
JAMES EDWARD GRAY

WOULD ERECT A "Y HUT"

Mrs. John H. Gray, in Letter to Democrat Forum, Offers Son's Liberty Bond as First Subscription.

With a proposal to head a subscription list for the proposed Nodaway county soldiers' and sailors' memorial with a gift of \$100, a Liberty bond owned by James Edward Gray, the first Maryville boy to give his life on the field of action in France, the following letter to the Democrat-Forum from Mrs. John H. Gray, his mother, is a call to the patriotic men and women of Maryville. Mrs. Gray also gives approval to the suggested "Y Hut" as a living monument. Her letter follows:

"Democrat-Forum: The building of a memorial in honor of the Nodaway county soldiers who died in the defence of their country is an appropriate and commendable undertaking. The citizens of the county have shown their loyalty and patriotism in no small degree during the period of the war and they will gladly enter into the spirit of this enterprise by giving it substantial support. The funds for the memorial are as good as raised right now so the real problem is the selection of a memorial that will not only be appropriate but one that will be of most benefit to the soldiers who will return home. There has been a number of kinds suggested all of which have more or less merit. As the mother of one of the boys who will not return and also of one whom we hope will return, I would suggest that a Y building be erected as a living monument to the soldiers who have died and also for the benefit of the returned soldiers and the young boys of this county.

Our son, James Edward Gray, who was killed in action on Nov. 24, had purchased \$100 worth of Liberty bonds. I would like to have the subscription list for a Y building headed by his name with the \$100 in bonds. This would be his subscription and would not take the place of the one we will make. I hope some of the other mothers of soldiers will express their preference as to the kind of a memorial that should be erected.

MRS. J. H. GRAY.

766 WERE DRAFTED

A TOTAL OF 5,744 MEN REGISTERED FOR SERVICE

COUNTY'S GOOD RECORD

Of Nodaway's Man-Power, Not a Single "Conscientious Objector" Was Listed by the Board.

Of 5,744 men who registered for service with the Nodaway county draft board not one among them claimed "conscientious objections" as ground for exemption from wearing the uniform of Uncle Sam. Of the total registration but eight men were placed in the non-combat class, being ministers and others whose calling entitled them to deferment.

With the completion of the records of the draft board some interesting information is to be had in the figures showing Nodaway county's "war strength."

With 766 men having been inducted into the service during the war, this county sent one-seventh of its man power to fight the Huns. Of this number 632 were taken in the course of the draft while 114 registrants enlisted in various branches of the service before being inducted by the board.

Of the total number registered one-fourth were found to be physically fit and who claimed no exemption, 1,352 being in Class 1A. A very small percent were found to be unfit for service, those placed in Class G5 being 295.

The number of men in the five classes is given as follows: Class 1, 1,352; Class 2, 367; Class 3, 156; Class 4, 1,812; Class 5, 459. This does not include the registrants of September 12 whose questionnaires were returned, following the cessation of hostilities, and who did not undergo examination.

The total number of colored registrants was 36.

With the number of men who enlisted prior to the draft, including enlistments by men outside the draft age after the war started, being estimated at between 400 and 500, Nodaway county furnished considerably in excess of 1,000 men, with about 4,000 other available.

Following an order received from the war department a change will be made in the system of filing the records of the men for future use, and which will necessitate the continued employment for an indefinite time of the chief clerk of the draft board. The figures as given above will be included in the final official report to the war department by the local board.

RED CROSS CHRISTMAS ROLL CALL STARTS TOMORROW

THE CAMPAIGN IS UNIQUE

Purpose Is Not to Raise Money But to Secure Active Membership That Will Perpetuate Organization.

Washington, D. C., Dec. 14.—To give every American an opportunity to carry out President Wilson's wish that every citizen become a member of the Red Cross, the 3,854 chapters of the American Red Cross tomorrow open their Christmas roll call.

This roll call is to be unique among the war drives in that its purpose is to secure members and not to raise money. All the memberships in the Red Cross expire at the Christmas season and the roll call is to secure the active membership that will perpetuate the Red Cross and enable it to cope with any problems of relief which may arise as an aftermath of war.

These members also constitute the Red Cross as a peace agency ready to give relief in pestilence, flood or disaster. They also will carry out the work of aiding our soldiers abroad and of facilitating their return to their own homes and help to complete the work of relief and rehabilitation undertaken in Europe.

The roll call, however, is designed to give the American people an opportunity for a small free-will offering and to endorse the remarkable work done for soldiers and civilians in the war. "A heart and a dollar," as the literature states, are to be all that is necessary.

Thousands of enrolling booths are to be provided, and women workers wearing Christmas roll call brassards and Christmas roll call caps are to assist those who wish to continue or obtain membership in answering the roll call.

There is, however, to be no active solicitation and no importunity for funds. Once anyone has paid his dollar and taken out his annual membership, he will be free from further request. The Red Cross has no wish to encourage generous persons to take out several memberships as many did in the former membership drive. The object is to enroll everyone—man, woman and child—once in the family of "The Greatest Mother in the World."

The work to be carried on by the new membership is one to which 47,000,000 Americans, in a period of eleven months contributed \$313,000,000 and manufactured goods worth \$44,000,000 and contributed to military and civilian relief here and abroad. It was the organization which stimulated over 8,000,000 women to manufacture a total of 221,282,832 garments, hospital supplies and bandages.

It helped to mobilize an army of 18,000 nurses for war service, and operated many hospitals, dispensaries, asylums and food distribution agencies and canteens for the families of European soldiers and for the sorry refugees driven from their homes by German incursions.

Through the home service and communication branches of this organization American people have done much to keep the American soldier and his family in close touch, and have seen to it that no family of a man in American uniform lacked for anything which was in the ability of the American people to supply. Its comforting hand stretched even into the prison camps of Germany, feeding and clothing and sustaining such of our men as were captured in the fighting or taken from merchant ships sunk by German submarines.

In a way, the roll call will be an unusual test of the effect of the printed word. In the absence of personal solicitation those in charge of the roll call are relying upon the information supplied by the newspapers and the appeal of advertisements, posters, decorations, moving pictures and the Red Cross symbol itself to draw every American both as a mark of humanity and as a token of thanksgiving for peace to enter into what President Wilson designated as "The Comradeship."

GERMANS SHOW SUPPRESSED HATRED TOWARDS AMERICANS

ARE CROSSING THE RHINE

Pershings Men Will Patrol the New German Territory for a Depth of Thirty Kilometers.

With the American Army of Occupation, Dec. 13.—The American army is scheduled to cross the Rhine today to patrol the new German territory for a depth of thirty kilometers. The crossing of the historic stream will occupy several days and will be made from Boppard, Engers, St. Goarhausen and Coblenz. The Americans will cross on ferries and over two bridges.

During the past twenty-four hours several incidents have occurred in Coblenz which indicate the suppressed hatred towards the Americans. German women dropped empty bottles from third story windows intending to hit passing soldiers; one bottle missed a soldier by less than a foot. Because American music was being played by a Dutch violinist in a restaurant, a German wine merchant upbraided the violinist and demanded that all German pieces be played. The irate merchant used such insulting allusions to the English and Americans that two American officers adjourned the crowd to the public dining room where the cafe proprietor apologized for the incident.

Many Germans in Coblenz find the American troops are liberal in their treatment are growing bold in their attitude. The children are flippant while adults are openly antagonistic.

Montreal, Dec. 13.—The city authorities are prepared to take drastic measures to prevent a recurrence of the mob rioting rule which gripped the city last night, resulting from a strike of firemen and policemen. Fire stations were wrecked, amateur firemen and constables were assaulted, citizens were held up, stores were robbed and fires were allowed to burn. One large store was looted the robbers securing \$35,000 worth of goods. Troops are being held in reserve today to quell any further uprisings.

Fred Phillips in France Writes to Parents Under Date of November 15

Fred L. Phillips of Colfax, Wash., has written the following letter to his parents, Mr. and Mrs. Will Phillips, who are visiting here with Mrs. Phillips' mother, Mrs. J. S. Miller and other relatives. Young Phillips has been in France for the past year and in active service the most of the time. He is a nephew of Fred Miller of West First street.

France, Nov. 15.
Dear Mother and Dad: Just a little note to you this evening to let you know that I am still alive and in the best of health. The fighting has ceased and they tell us it is over but of course that does not mean it is quite over for us. It may be months before we can leave, but here's hoping it won't be many, for oh, you can't imagine how happy we all are and how anxious we are to get back to our loved ones and a real country once more. Every one is celebrating the wonderful occasion over here. And from the news we get I guess they are celebrating the same way over there in the U. S. and why shouldn't we? Folks, isn't it wonderful? I suppose you heard the glad news nearly as soon as we did. Well, by the time we see Germany I guess we will be pretty well satisfied and nearly ready to come home. All the Colfax boys are well. Must close, with love.

Is Still Traveling Around in France, But Enjoying It Fine.

Sergeant Forrest O. Gooden has written the following letter to his parents, Mr. and Mrs. Cooper Gooden:

France, Nov. 18.
Dear Mother and Dad: Well, we have moved again, but are still some where in France. You ought to see how we travel in France. They put us in cattle cars that are about as big as our American hand cars, but we have our fun just the same. We are billeted in an old chateau that has been standing for about 600 years. We have our hardships over here but thank God we are getting plenty to eat. France is a very pretty country, but nothing like the good old U. S. A. Airplanes are as common over here as automobiles at home. I haven't received any mail yet, but hope to soon. How is everything back in the States? Hope everyone is well. We haven't a bit of sickness in our company and the way our officers look after us, I don't think we will. We are having our coldest weather over here now and it is not very cold either. This life of soldiering sure makes us see what you can and will make of yourself when you get back. I will never kick about anything when I get back. What is dad doing? Suppose he is still holding down his job of loafing. I haven't seen anybody from home over here yet but maybe I will some of these days. Well, mother I am pretty sleepy tonight, so I am going to find my blankets pretty p. d. q. Your loving son, SERGEANT F. O. GOODEN.

WILSON IN FRANCE

GIVEN GREAT OVATION BY THE FRENCH PEOPLE

GEN'L. PERSHING THERE

President Expresses Pleasure in Being Able to Join Counsel to Secure Peace.—Brest Is Bedecked.

Brest, France, Dec. 13.—Greeted as a messenger of justice and peace President Wilson arrived here today to participate in the peace conference. The American executive received an ovation the like of which was never seen in France. Many notables, including General Pershing, met the George Washington when she docked, the American commander being the first to shake the President's hand.

President Wilson stepped on French soil at 3:22 this afternoon. As he came ashore with his party he was greeted with a salute of guns while the people wildly cheered and the band played "The Star Spangled Banner."

"It is delightful to me to be able to join my counsel with that of your public men in bringing about a peace settlement which will be consistent with the ideals of France and of the United States," said the President this afternoon in replying to an address of greeting on behalf of the city of Brest by the mayor.

Stephen Pinchon, the French foreign minister, and Georges Levegues, minister of marine went aboard the George Washington at 1:30 o'clock to extend the first formal greetings. General Pershing, General Bliss, Admiral Benson, Admiral Wilson, Col. E. M. House and Ambassador Sharp went aboard at the same time.

On the President's arrival ashore Minister Pinchon welcomed the distinguished guest on behalf of the French government and Mayor Goude for the city of Brest.

Brest is crowded with troops and sailors and the Breton peasantry in their quaint costumes. Buildings and squares are hung with flags and streamers and mottoes bearing the words "Vive Wilson! Hail the Champion of the Rights of Man!"

It was announced the presidential train would be stopped during the night so as to assure its reaching the station in Paris on time and not ahead of time. Many German prisoners of war who had been employed cleaning the streets witnessed the arrival of the President and their interest in the ceremonies was very keen.

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

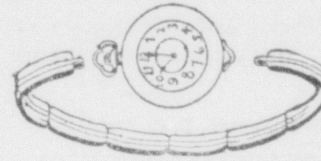

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-ionic tablet called "Ironie" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Suppose It's True?

This story is for the benefit of those funny writers who appear to think that all women are alike and that their actions in a given set of circumstances can always be predicted:

Mrs. Mullen was very fond of reading, and when well past the age of Woman.

three score and ten, she joined a Shakespeare Club to which her niece and other younger women belonged. One day they were all seated listening to one of the members read when the niece saw a mouse run under the old lady's chair. With great presence of mind she remained quiet and watched for the mouse to reappear. But it did not appear. When the program was finished she approached her aunt and said: "Aunt Sarah, I saw a mouse run under your chair a little while ago."

"Yes," the old lady replied calmly, holding the side of her skirt firmly in her hand, "I have it here."—Missouri

Gained Thirty Pounds on Tanlac and Feels Like a Brand New Man All Over Now He Declares.

"I feel like a brand new man all over and have gained thirty pounds in weight besides since I started taking Tanlac," said Levi Thomas, an employee of the Chattanooga Furniture Co., Chattanooga, Tenn.

"I was frail and puny looking from years of suffering with stomach trouble. I had lost weight and strength until I was as weak as a kitten. Everything I ate gave me hours of misery and I tried so many medicines without getting relief that I had begun to think I'd never be well again. I was so nervous and rundown that the least exertion would tire me out completely."

"It may seem wonderful, but before I had finished my second bottle of Tanlac I was feeling like my oldtime self again and I began to build up. I now weigh a hundred and eighty-five pounds, can eat like a farm hand and feel strong and fit for any kind of work and am gaining every day. My improvement is the talk of everybody who knows me."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction.

SAMSON TRACTOR \$650

THE above announcement, which appeared in a recent issue of this paper, resulted in receiving thousands of inquiries. Everyone of these we propose to answer in detail. The enormous amount of work involved in classifying these inquiries will, of necessity, delay our replies. On the opposite page, you will find a copy of our letter and the form, which we are asking you to fill out and return to us.

We also invite those who have not answered our first advertisement to fill in blank on opposite page and receive further information.

SAMSON TRACTOR COMPANY,

Janesville, Wisconsin

SAMSON TRACTOR COMPANY JANESVILLE, WISCONSIN

Dear Sir:

In response to your valued inquiry, we are enclosing a blank form which we will ask you to fill out and return promptly to us. Our object in obtaining this information is to determine whether or not the Samson (Model M) is suited to your needs and to what extent your particular locality lends itself to the use of tractors of the Wheel Type.

To be perfectly frank and candid with you, and to have you know what we are driving at, we beg to offer the following in explanation:

WE DON'T WANT you to buy a Two-Three Plow Tractor if it would be to your advantage to buy a Three-Four Plow Tractor. If your farm is better adapted by reason of acreage, crop rotation or soil conditions, to the Three-Four Plow type, we want you to have it, because it will be a more economical investment and will produce 25 per cent. better results with the same amount of labor.

Note: In this connection we wish to advise that we have designed and are testing out a Three-Four Plow Tractor which we expect to offer to the public within the next few months. This will be known as Samson (Model A) and the price will be in the neighborhood of \$900.

WE DON'T WANT you to make an investment in Samson (Model M) Tractor if the Samson (Model M) Tractor is not the best type for your particular purpose.

WE DON'T WANT you to make an investment in Samson (Model M) Tractor if the Samson (Model M) Tractor is not the best type for your particular purpose.

WE DON'T talk draw bar pull or attempt to confuse you with horsepower rating. Draw bar pull is of little value and means nothing to you if the tractor will not do your work.

WE DO WANT you in the Samson family—a satisfied and continuous customer for SAMSON LABOR SAVING AND MONEY SAVING DEVICES.

WE DO WANT you to investigate and (regardless of any high powered, land breaking tractors that you may buy or own) purchase a Samson (Model D) light, high frame, direct drive tractor, for which we are now taking orders. Price \$450.

It will be to your interest to own the Samson (Model D) light, high frame, direct drive tractor, for which we are now taking orders.

BECAUSE this tractor will handle every horse drawn farm tool which you are now using; BECAUSE we will be prepared to furnish the more important types of farm tools, made especially to work with Samson (Model D), at just one-half the price which you will have to pay for these farm tools when you come to replace them;

BECAUSE the Samson (Model D), in connection with a ground-breaking tractor of any type and a Samson light truck, will eliminate every horse on your farm.

METHOD OF ALLOTTING SAMSON (Model M) TRACTORS

The demand for Samson Tractors from all parts of the world is enormous. Our production for the next four months will not exceed 10,000 tractors. If applications and contracts were filled in the order in which they are received, our entire production might be absorbed by two or three States. For the purpose of obtaining a wide distribution, and giving the public an opportunity of investigating the product and watching the performance, we are allotting a certain number to each County, with a proper Township distribution, locating the samples where most convenient for the greatest number.

Your application, accompanied by your order or other wise, will receive our best consideration.

Very truly yours,

SAMSON TRACTOR CO.
